

One university, 448 Programs

Hacettepe University offers 87 undergraduate and 361 graduate programs.

We highly care about our students' having different qualities from different disciplines upon their graduation.

Within the framework of our university's philosophy of education, we desire our students not to be limited to the courses of the programs that they are registered in, but to benefit from not only elective courses but also undergraduate and graduate courses offered by 448 programs.

By means of 32 minor degree programs, our students have the opportunity to earn a certificate apart from their undergraduate degrees by taking courses from various programs and by means of 5 double major programs they can have double degrees.

Red Deers, Hacettepe University's American football team, holds the title for being the university and club team winning the championship most.

Colored in red and white, the team consists solely of the students continuing their academic education at Hacettepe University.

Our team's being undefeated in the longest streak, having the record of scoring in single match and being the one and only team to win championship without letting the opponents score reflect the importance we attach to sports.

In our university where various branches of sports are encouraged, a turf field with night illumination, an athletics track, 3 sports halls, 8 basketball and volleyball pitches, 2 fitness saloons, 4 Astroturf pitches, 3 tennis courts, wrestling and judo saloons, gyms, table tennis saloons, a walking track in the woods and a ski center in Elmadağ are in service for our teams and all of our students. The Olympic swimming pool, planned to be finished as soon as possible, is still under construction.

Hacettepe University
communicates to the world via
Radio Hacettepe and Hacettepe
Internet TV.

Radio Hacettepe, having started broadcasting in 2000 on 87.7 FM, continues broadcasting with the motto “Young, Creative and Dynamic Radio” and with its young staff, each of whom is selected and given in-house training and each is expert in their fields. Our students also have a chance to work at Radio Hacettepe. The stream of our radio station (also broadcasting on the internet) consist of 70% rock, 10% pop, 10% classic and 10% jazz music. Additionally, there are some programs on classics, tango, blues and ska, and the programs about famous music legends.

Hacettepe Internet TV was designed and launched in 2004 by the Electric and Electronics Engineering Faculty of our university and extended its broadcasting to the whole university in 2005. The videos which are originated in Hacettepe and broadcasted on Internet TV are made up of contents prepared by Faculty of Communication and other units of our university. Within this framework, special occasions such as openings, meetings, concerts etc. which take place at our university, and Senate meetings of our university are broadcasted live on Hacettepe Internet TV.

More than 500 Universities with a Single Choice

By means of bilateral agreements with more than 500 universities around the world, Hacettepe University provides an opportunity for its students to study abroad.

For us, one of the requirements of high standard education is providing our students with international experience and vision. To this end, our university supports our students so that they can receive education abroad for a certain period of time.

As Hacettepe University, we believe that providing our students with opportunities of international experience has an important place in our philosophy of education. Therefore, our university presents its students the opportunity to take part in student exchange programs at more than 500 universities all around the world by means of Erasmus Student Mobility and bilateral agreements with universities.

Thanks to the internationally recognized quality of education in Hacettepe, a great number of guest students from various cultures come to our university to receive a certain part of their education. In this way, having the chance to familiarize with different cultures, our students broaden their horizons.
